

CMPSCI 520
Project 1.0 Develop a “Mashup”
Assigned: September 15, 2008
Due: October 24, 2008 (note preliminary material due dates)

Each person develop a simple “Mashup” (Plotting markers on maps is probably the easiest place to start) – see

<http://www.programmableweb.com/howto>

This will be an individual project.

Summary of actions and deadlines:

1. Propose a mashup application on or **before 9/29/08** by emailing me.
2. Once approved, complete the application and **schedule** a demo with me **before 10/14/08**.
3. Prepare and submit a 5-10 page report on your project **on 10/24/08**.

Note: I will be traveling 10/9-13 and 10/23-25. The demo thus would have to be scheduled 10/14-21.
